College + Netflix Creative Jam

June 22 - June 26, 2020

Every project is an average of two or more judges scores, following a rubric as a guideline (<https://cjam.in/rubric>). Creative Jam projects may contribute to student portfolios and can serve as experience on student resumes. Please use your team project score to help improve and learn from the experience. Scores are subject to evaluation of the judges and do not reflect the opinion of Adobe.

All Teams__

Scores listed here reflect those tallied during the general judging review, not the finale. Teams are listed by total scores closest to 100. **denotes finalists.*
